Try "GETS-IT," It's Magic for Corns!

New, Simple, Common-Sense Way.

You will never know how really easy it is to get rid of a corn, until you have tried "GETS-IT." Nothing like it has ever been produced. It takes less time to apply it than it does to read this. It

Ka-yi! Corn-pains in Every Nerve! Use "GETS-IT," It "Gets" Every Corn Surely, Quickly!

will demand you, especially if you have tried everything else for corns. Two drops applied in a few seconds - that's all. The corn shrivels, then comes right off, painlessly, without fussing or trouble. If you have ever made a fat bundle out of your toe with bandages; used thick, corn-pressing cotton-rings; corn-pulling salves; corn-teasing plasters - well, you'll appreciate the difference when you use "GETS-IT." Your corn-agony will vanish. Cutting and gouging with knives, razors, files and scissors, and the danger of blood-poison are done away with. Try "GETS-IT" tonight for any corn, callus, wart or bunion. Never fails.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

HEBRON

Hobbs Reunion

July 4, 1915 found the Hobbs reunion at the spacious home of Mrs. Charles Cummings in Hebron. It being the 86 birthday of the father, who was present. Five of the children were present, Mrs. Jessie A. Cox, Walter Hobbs of Boston, Annie Hobbs of Lynn, Herbert Hobbs of Island Pond and Mrs. Chas. Cummings of Hebron. The grandchildren present were Claude Cox, Auburn, Mrs. C. A. Haskell, Norway, Freda and Rolfe Hobbs of Island Pond, Vt., Clarence Hobbs, Hudson, Mass., Carleton, Marion, Harry and Lawrence Cummings of Hebron; and the great grandchildren were Edwin and Chester Cox, Auburn, Master Gerald Haglund, Norway. The other guests present were Mrs. Grace Hobbs of Hudson, Mass., Mr. and Mrs. Holt of Boston, Mass., Mrs. Edw. Cox of Norway and Miss Tripp of Auburn.

It was a merry crowd that gathered on the piazza and lawn at set of sun to partake of the sumptuous lunch provided by Mr. and Mrs. Cummings and served by the younger members of the family, most noticeable was the huge birthday cake made by Miss Marion in honor of her grandfather's birthday.

After lunch all gathered in the parlour and with the new McPhail piano made the evening merry with instrumental music, songs and singing by all, interspersed with recitations and readings. One of the most pleasing was given by Marion Cummings in a very pleasing manner as she bade fair to be a fine reader in the near future.

Mr. and Mrs. Cummings spent 100 pains to make the reunion the success, it was and all felt sorry to leave for home to meet with W. G. Hobbs in Boston in just one year from date.

FOR MOTHERS

Hints on Child Welfare

Every proud mother likes to see her children strong, well and happy. The way to have pride in your children is to train them to good habits of body, as well as of mind. Teach them cleanliness; tell them that fresh water, pure air and sunshine are as good for them as for birds, flowers and trees. Don't give children medicine unless they need it. When they do require something for their bowels or stomach, you can safely give them "E. F." Atwood's Medicine. Many mothers have learned to use it as for birds, flowers and trees. When their children's mothers gave it to them. A dependable household remedy, used for over sixty years in thousands of families.

Buy a 35c bottle at your nearest store, or write today for a free sample.

FREE - "Ye Olde Songs," words and music of sixty popular songs sent free on receipt of 3 outside yellow wrappers from the bottles, together with your opinion of our Medicine.

The Last Pipeful of Sickle Is as Fresh as the First

Real tobacco flavor depends upon the leaf being preserved in its natural state, possible only by pressing the leaves into plug form and keeping it in by covering it with a natural leaf wrapper. The natural flavor and strength of tobacco escape when cut or granulated.

Take a Plug of Sickle that is even thoroughly dried out so that when you whittle it off it crumbles into dust, but it will burn and smoke smooth and cool as it has all its original tobacco flavor preserved, unevaporated in Plug Form.

Whittling a pipeful is little trouble, amply repaid in both quality and quantity. Try this experiment and judge for yourself.

Andrew J. Hill of Haverhill, Mass., but for the rest of the month a summer resort in Hiram came this way by the courtesy of the mail carrier of that place by automobile on Sunday afternoon visiting his two brothers, Algernon and Wesley and his nephew Melvin Heath at Green Hill and his brother David a comrade of this section.

Mrs. J. H. Hardy is recovering from a serious attack of pleurisy, being under treatment of the physician.

The young people of our section are making good use of their autos on the working hours so that the "buzz wangs" are more often seen in our roads than the old time wheel and horse carriages. But occasionally one sees a fine span and carriage as a reminder of by-gones.

The rains of last week raised the Saco to an extent unusual at this time of the year. Our mail carriers were unable to make their trips in the usual way and residents were obliged to wait a day for their mail. There were three feet over in places, though some there were who had the hardihood to drive through water up to the hubs of their wagons to get to the village and return.

J. T. Boutwell brought the morning mail for some of the residents by Nimrod a veteran horse well on the way to thirty years.

WHY YOU ARE NERVOUS

The nervous system is the alarm system
of the human body.

In perfect health we hardly realize that
we have a network of nerves, but when
health is ebbing, when strength is declin-
ing, the same nervous system gives the
alarm in headaches, tiredness, dreamful
sleep, irritability and unless corrected,
leads straight to a breakdown.

To correct nervousness, Scott's Emul-
sion is exactly what you should take; its
rich nutriment gets into the blood and
rich blood feeds the tiny nerve-cells while
the whole system responds to its refresh-
ing tonic force. It is free from alcohol.

As the result of the severe rainstorm of
Thursday, the Saco River at this place is
very high and has overflowed the low
lands along its banks, flooding a consid-
erable area of crop lands and putting
two or three farms practically under wa-
ter. The Shepherd River, a tributary of
the Saco, has also overflowed its banks
and has ruined the crops in its adjoining
fields. Outside of the damage to the
crops, which cannot be estimated at this
time, the storm did little damage at this
place. On the Conway branch of the
Boston & Maine there is a big washout,
nearly half a mile in extent, at the Cho-
corua River. Passengers were being
transferred around this washout, while
repair work was going on.
